The auditing carried out to confirm that your company's quality assurance system complies with AQAP-2310 requirements, has been completed.

It is certified that your company's quality assurance system explained in Quality Manual SDT-KEK-01/Rev I dated 09 September 2019 complies with AQAP-2310 requirements for production mentioned below.

“Defense, Aerospace and Space; For Radar, Electronic Warfare, Simulator, Remote Sensing, Electronic Mission Systems and RF Jammer products, Electronic and Mechanical Design, Software Development, System Integration, Electronic Production and Testing, Maintenance, Maintenance Service.”

This certificate is valid until 29 November 2022 by 17.00 o'clock.

Ministry of National Defence of the Republic of Turkey Industrial Quality Level Evaluation Commission will continuously monitor and audit effectiveness and application of the quality assurance system.

This certificate will be subject to cancel if changes and renewals to be made in the system defined in quality manual presented to the Ministry of National Defence are not submitted to and approved by Ministry of National Defence previously or in the case that results of periodical reviews are negative.
